

## SECTION 5 : Definition of Baseline Values

### 5.1 Impact Indicators

| INDICATOR | A.01   | Poverty rate lowered |   |
|-----------|--|----------------------|---|
| code      | parameter  | Baseline value       | Reference/notes                             |
| A.01.1.0  | Percentage of hh belonging to very low income category (<1,500,000 R/yr)               | 60.5%                | Par. 4.3.1 (also % per IRDM type available) |
| A.01.2.0  | Percentage of female-headed hh belonging to very low income category (<1,500,000 R/yr) | 74.9%                | Par. 4.3.1                                  |

| INDICATOR | A.02                                       | Poverty index improved |  |
|-----------|--|------------------------|--|
| code      | parameter                                  | Baseline value         | Reference/notes  |
| A.02.1.0  | Poverty scoring per target commune/village | Values available       | Par. 4.2.2 (P) at districts/comm & par. 4.3.3.(P) at IRDM villages |

| INDICATOR | A.03  | Wealth ranking improved |  |
|-----------|---|-------------------------|--|
| code      | parameter                                   | Baseline value          | Reference/notes                                  |
| A.03.1.0  | Mean wealth ranking per target IRDM village | 27.27                   | Par. 4.3.2 (also values available per IRDM type) |

| INDICATOR | A.04  | Local community empowerment improved |   |
|-----------|---|--------------------------------------|---|
| code      | parameter   | Baseline value                       | Reference/notes                                   |
| A.04.1.0  | Percentage of villagers declare having at least one villagers/farmers org. in commune | 44.2%                                | Par. 4.3.10 (also values per IRDM type available) |
| A.04.2.0  | Percentage of villagers declare having heard about CDP                                | 36.3%                                | Par. 4.3.10 (also values per IRDM type available) |
| A.04.3.0  | Percentage of villagers declare having participated in CDP process                    | 23.7%                                | Par. 4.3.10 (also values per IRDM type available) |

| INDICATOR | A.05  | Women empowerment improved |  |
|-----------|---|----------------------------|--|
| code      | parameter   | Baseline value             | Reference/notes                                  |
| A.05.1.0  | Percentage of villagers declare being aware of activities related to women in commune | 47%                        | Par. 4.3.9 (also values per IRDM type available) |
| A.05.2.0  | Percentage of women been consulted for the CDP  | 15.8%                      | Par. 4.3.9 (also values per IRDM type available) |

| INDICATOR | A.06   | Level of confidence in the future improved |   |
|-----------|--|--|---|
| code      | parameter  | Baseline value                             | Reference/notes                                   |
| A.06.1.0  | Percentage of hh believe that their life will improve enough in the future               | 11.6%                                      | Par. 4.3.10 (also values per IRDM type available) |
| A.06.2.0  | Percentage of female headed hh believe that their life will improve enough in the future | 5.8%                                       | Par. 4.3.10 (also values per IRDM type available) |

| INDICATOR |  | A.07           | Seasonal migration decreased                    |  |
|-----------|--|----------------|---|--|
| code      | parameter  | Baseline value | Reference/notes                                 |  |
| A.07.1.0  | Percentage of family members working off-farm less than 4 months   | 60.3%          | Par.4.3.5 (disaggregated per male/female, also) |  |
| A.07.2.0  | Among those having a family member working off-farm, % of them getting off-farm jobs in the same commune | 19.1%          | Par.4.3.5 (disaggregated per male/female, also) |  |

## 5.2 Impact/Result Indicators

| INDICATOR |  | B.01           | Food security index (% of target hh with no rice shortage) M1-M4 |  |
|-----------|--|----------------|--|--|
| code      | parameter                                  | Baseline value | Reference/notes  |  |
| B.01.1.0  | M1: Percentage of hh with no rice shortage | 30%            | P.4.3.4 (FEM_H_hh, also calculat)                                |  |
| B.01.2.0  | M2: Percentage of hh with no rice shortage | 28.5%          | P.4.3.4 (FEM_H_, also calc)                                      |  |
| B.01.3.0  | M3: Percentage of hh with no rice shortage | 22.1%          | P.4.3.4 (FEM_H_hh, also calc)                                    |  |
| B.01.4.0  | M4: Percentage of hh with no rice shortage | 35.7%          | P.4.3.4 (FEM_H_hh, also calc)                                    |  |

| INDICATOR |  | B.02           | Rice shortage decreased       |  |
|-----------|--|----------------|-------------------------------|--|
| code      | parameter  | Baseline value | Reference/notes               |  |
| B.02.1.1  | M1: Average no of months with rice shortage                | 4.3m           | Par 4.3.4                     |  |
| B.02.1.2  | M2: Average no of months with rice shortage                | 3.5m           | Par 4.3.4                     |  |
| B.02.1.3  | M3: Average no of months with rice shortage                | 4.4m           | Par 4.3.4                     |  |
| B.02.1.4  | M4: Average no of months with rice shortage                | 4.2m           | Par 4.3.4                     |  |
| B.02.2.1  | M1: Percentage of hh with more than 3 months rice shortage | 67%            | P.4.3.4 (FEM_H_hh, also calc) |  |
| B.02.2.2  | M2: Percentage of hh with more than 3 months rice shortage | 63.4%          | P.4.3.4 (FEM_H_hh, also calc) |  |
| B.02.2.3  | M3: Percentage of hh with more than 3 months rice shortage | 61.9%          | P.4.3.4 (FEM_H_hh, also calc) |  |
| B.02.2.4  | M4: Percentage of hh with more than 3 months rice shortage | 58.1%          | P.4.3.4 (FEM_H_hh, also calc) |  |

## 5.3 Result Indicators

| INDICATOR |   | 1.01.1         | Nr implemented & distribution of IRDM by type |  |
|-----------|---|----------------|---|--|
| code      | parameter   | Baseline value | Reference/notes                               |  |
| 1.01.1.1  | Reported no of implemented programmes   | 0 b/v          | MIS & Other Reports                           |  |
| 1.01.1.2  | Percentage of villagers declare having received training (IRDM villages)            | 36.5%          | Par. 4.3.13 (per IRDM villages, calculated)   |  |
| 1.01.1.3  | Percentage of those received training declare equal participation (men/women/young) | 77.3%          | Par. 4.3.13 (per IRDM villages, calculated)   |  |
| 1.01.1.4  | Percentage of villagers declare receiving extension services at least once a month  | 49.7%          | Par. 4.3.12 (per IRDM villages, calculated)   |  |

**INDICATOR 1.01.2 Nr & profiles of IRDM pilot farmers/households**

| code     | parameter                     | Baseline value | Reference/notes     |
|----------|-------------------------------|----------------|---------------------|
| 1.01.2.1 | Reported numbers and profiles | 0 b/v          | MIS & Other Reports |

**INDICATOR 1.01.3 Initial technology packages for M1 to M4 modules**

| code     | parameter  | Baseline value | Reference/notes                           |
|----------|--|----------------|---|
| 1.01.3.1 | Reported types and values  | 0 b/v          | MIS & Other Reports                       |
| 1.01.3.2 | Percentage of hh declare having received training on rice cultivation  | 24.5%          | Par. 4.3.13 (per IRDM villages available) |
| 1.01.3.3 | Percentage of hh declare having received training on pest management   | 0.6%           | Par. 4.3.13 (per IRDM villages available) |
| 1.01.3.4 | Percentage of hh declare having received training on fish culture      | 0.2%           | Par. 4.3.13 (per IRDM villages available) |
| 1.01.3.5 | Percentage of hh declare having received training on vegetable growing | 4.4%           | Par. 4.3.13 (per IRDM villages available) |
| 1.01.3.6 | Percentage of hh declare having received training on animal raising    | 2.1%           | Par. 4.3.13 (per IRDM villages available) |

**INDICATOR 1.02.1 IT Adoption rates by PFs & DBs (M1)**

| code     | parameter  | Baseline value | Reference/notes     |
|----------|--|----------------|---------------------|
| 1.02.1.1 | Reported values  | 0 b/v          | MIS & Other Reports |
| 1.02.1.2 | Percentage of hh (M1 villages) declare using knowledge and skills received | 72.4%          | Par. 4.3.13         |

**INDICATOR 1.02.2 Increase in rice yields by PFs & DBs (M1)**

| code     | parameter                               | Baseline value | Reference/notes                  |
|----------|---|----------------|----------------------------------|
| 1.02.2.1 | Lowland rainfed rice yield per district | 2.0t/h         | P.4.2.4 (available per district) |
| 1.02.2.2 | Lowland rice yield per commune          | 1.8t/h         | P.4.2.4 (available per commune)  |
| 1.02.2.3 | Average rice yield –M1 villages         | 1.14t/h        | Par 4.3.6                        |

**INDICATOR 1.02.3 Home food security levels (M1)**

| code     | parameter   | Baseline value | Reference/notes |
|----------|---|----------------|-----------------|
| 1.02.3.1 | Percentage of hh with less than 3 months rice shortage per year – M1 villages | 33%            | Par. 4.3.4      |

**INDICATOR 1.03.1 IT Adoption rates by PFs & DBs (M2)**

| code     | parameter  | Baseline value | Reference/notes     |
|----------|--|----------------|---------------------|
| 1.03.1.1 | Reported values  | 0 b/v          | MIS & Other Reports |
| 1.03.1.2 | Percentage of hh (M2 villages) declare using knowledge and skills received | 78.8%          | Par. 4.3.13         |

**INDICATOR 1.03.2 Increase in rice yields by PFs & DBs (M2)**

| code     | parameter                               | Baseline value | Reference/notes                   |
|----------|---|----------------|-----------------------------------|
| 1.03.2.1 | Irrigated (DRY) rice yield per district | 3.2t/h         | Par. 4.2.4 (available per distr.) |
| 1.03.2.2 | Irrigated (DRY) rice yield per commune  | No value       | DATA NOT AVAILABLE                |
| 1.03.2.3 | Average rice yield –M2 villages         | 1.46t/h        | Par. 4.3.6                        |

**INDICATOR** 1.03.3 Home food security levels (M2)

| code     | parameter   | Baseline value | Reference/notes |
|----------|---|----------------|-----------------|
| 1.03.3.1 | Percentage of hh with less than 3 months rice shortage per year – M2 villages | 36.6%          | Par. 4.3.4      |

**INDICATOR** 1.04.1 IT Adoption rates by PFs & DBs (M3)

| code     | parameter  | Baseline value | Reference/notes     |
|----------|--|----------------|---------------------|
| 1.04.1.1 | Reported values  | 0 b/v          | MIS & Other Reports |
| 1.04.1.2 | Percentage of hh (M3 villages) declare using knowledge and skills received | 72.5%          | Par. 4.3.13         |

**INDICATOR** 1.04.2 Yields & income from key crops

| code     | parameter  | Baseline value | Reference/notes                      |
|----------|--|----------------|--------------------------------------|
| 1.04.2.1 | Yields of key crops  | 1.59t/h        | Par. 4.3.6                           |
| 1.04.2.2 | Percentage on average of income generated from cash crops production | 39.5%          | Par. 4.3.6 (available for all IRDMs) |

**INDICATOR** 1.04.3 Areas intensified/diversified (M3)

| code     | parameter      | Baseline value | Reference/notes     |
|----------|----------------|----------------|---------------------|
| 1.04.3.1 | Reported areas | 0 b/v          | MIS & Other Reports |

**INDICATOR** 1.04.4 Home food security levels (M3)

| code     | parameter   | Baseline value | Reference/notes |
|----------|---|----------------|-----------------|
| 1.04.4.1 | Percentage of hh with less than 3 months rice shortage per year – M3 villages | 38.1%          | Par. 4.3.4      |

**INDICATOR** 1.05.1 IT Adoption rates by PFs & DBs (M4)

| code     | parameter  | Baseline value | Reference/notes     |
|----------|--|----------------|---------------------|
| 1.05.1.1 | Reported values  | 0 b/v          | MIS & Other Reports |
| 1.05.1.2 | Percentage of hh (M4 villages) declare using knowledge and skills received | 73.2%          | Par 4.3.13          |

**INDICATOR** 1.05.2 Yields & income from key produces in dry and rain seasons

| code     | parameter  | Baseline value    | Reference/notes  |
|----------|--|-------------------|--|
| 1.05.2.1 | Average yields of key F&V  | Indicative values | Par. 4.3.6 (further investigation required) – see also SECTION 6 |
| 1.05.2.2 | Percentage on average of income generated from fruits production     | 18.8%             | Par 4.3.6  |
| 1.05.2.3 | Percentage on average of income generated from vegetables production | 17.6%             | Par 4.3.6  |

**INDICATOR** 1.05.3 Home food security levels (M4)

| code     | parameter   | Baseline value | Reference/notes |
|----------|---|----------------|-----------------|
| 1.05.3.1 | Percentage of hh with less than 3 months rice shortage per year – M4 villages | 41.9%          | Par. 4.3.4      |

**INDICATOR 1.06.1 Nr IFSP produced & disseminated**

| code     | parameter       | Baseline value | Reference/notes     |
|----------|-----------------|----------------|---------------------|
| 1.06.1.1 | Reported values | 0 b/v          | MIS & Other Reports |

**INDICATOR 1.06.2 Adoption rates by SBs**

| code     | parameter       | Baseline value | Reference/notes     |
|----------|-----------------|----------------|---------------------|
| 1.06.2.1 | Reported values | 0 b/v          | MIS & Other Reports |

**INDICATOR 1.07.1 Quality inputs available to target farmers**

| code     | parameter   | Baseline value | Reference/notes     |
|----------|---|----------------|---------------------|
| 1.07.1.1 | Reported values   | 0 b/v          | MIS & Other Reports |
| 1.07.1.2 | Percentage of families having used pesticides in target communes  | 32.7%          | Par 4.2.4           |
| 1.07.1.3 | Percentage of families having used fertilizers in target communes | 29.7%          | Par 4.2.4           |

**INDICATOR 1.07.2 Animal health improved in target villages**

| code     | parameter   | Baseline value | Reference/notes                    |
|----------|---|----------------|------------------------------------|
| 1.07.2.1 | Reported values   | 0 b/v          | MIS & Other Reports                |
| 1.07.2.2 | Average cattle death rate                                     | 29.4%          | Par 4.3.6                          |
| 1.07.2.3 | Average pig death rate  | 52.8%          | Par 4.3.6                          |
| 1.07.2.4 | Average poultry death rate                                    | 52.7%          | Par. 4.3.6 (62.8%, for ducks only) |
| 1.07.2.5 | Percentage on average of income generated from animal raising | 23.8%          | Par 4.3.6                          |

**INDICATOR 1.07.3 NRM programmes/measures implemented in CF/RCF**

| code     | parameter       | Baseline value | Reference/notes     |
|----------|-----------------|----------------|---------------------|
| 1.07.3.1 | Reported values | 0 b/v          | MIS & Other Reports |

**INDICATOR 1.08.1 Nr & activity of newly established organisations**

| code     | parameter  | Baseline value | Reference/notes     |
|----------|--|----------------|---------------------|
| 1.08.1.1 | Reported values  | 0 b/v          | MIS & Other Reports |
| 1.08.1.2 | Percentage on average villagers declare being members of one villagers/farmers organisations | 51.3%          | Par 4.3.11          |

**INDICATOR 1.09.1 Successful transfer of responsibilities during AWP3-4**

| code     | parameter       | Baseline value | Reference/notes     |
|----------|-----------------|----------------|---------------------|
| 1.09.1.1 | Reported values | 0 b/v          | MIS & Other Reports |

**INDICATOR 1.10.1 Hectares of newly irrigated rice resulting from project**

| code     | parameter                                     | Baseline value | Reference/notes     |
|----------|---|----------------|---------------------|
| 1.10.1.1 | Reported values                               | 0 b/v          | MIS & Other Reports |
| 1.10.1.2 | Ha of irrigated rice land in target districts | 4,972          | Par. 4.2.3          |
| 1.10.3   | Ha of irrigated rice land in target communes  | 1,219          | Par. 4.2.3          |

**INDICATOR 2.01.1 1800 youths trained & 50% of trainees have employment 2 yrs after training with salary of at least 60 USD per month**

| code     | parameter   | Baseline value | Reference/notes                      |
|----------|---|----------------|--------------------------------------|
| 2.01.1.1 | Reported values   | 0 b/v          | MIS & Other Reports                  |
| 2.01.1.2 | Percentage of young males (18-25) in target villages are declared as unemployed   | 1.6%           | Par. 4.3.1 (available per IRDM type) |
| 2.01.1.3 | Percentage of young females (18-25) in target villages are declared as unemployed | 2.9%           | Par. 4.3.1 (available per IRDM type) |

**INDICATOR 2.02.1 80% rate of adoption for direct beneficiary target by EOP=400hh**

| code     | parameter  | Baseline value | Reference/notes          |
|----------|--|----------------|--------------------------|
| 2.02.1.1 | Reported values  | 0 b/v          | MIS & Other Reports      |
| 2.02.1.2 | Percentage of hh with at least one member having silk production as major occupation | ZERO           | No one declared (survey) |

**INDICATOR 2.02.2 Target income of 500 USD per family for 400 families (EOP)**

| code     | parameter       | Baseline value | Reference/notes     |
|----------|-----------------|----------------|---------------------|
| 2.02.2.1 | Reported values | 0 b/v          | MIS & Other Reports |

**INDICATOR 2.03.1 500 women develop home gardening for home consumption and income generation**

| code     | parameter       | Baseline value | Reference/notes     |
